THURSDAY, JANUARY 19, 1911.

Entered at the Greenville, Ky., postoffice as second-class matter.

MRS. CARRIE NATION, with more than a nation wide reputation on account of her physical demonstrations against the saloon, suffered a nervous collapse at her home in Eureka Springs, Ark., last week, and expressed the fear that her active career was about ended.

Diathesis.

The word diathesis in medicine means "a constitutional predisposition." Certain individuals, or often certain entire families, may be confidently expected to react physically in one way, while other individuals or groups of individuals will react in another way. This is why doctors are interested in the family history of their patients. By finding out what sort of material people's tissues are made of, the doctors are able to judge what sort of physical strain the patients will prove most susceptible to.

Some people are physically "all wool and a yard wide"; others should be marked "handle with care—this end up." It is when the stress of life comes that these differences in the texture of people, so to speak, become most apparent, and it is the common, simple, every-day ailments to which all are subject that try people.

One schoolboy will stub his toe, grumble a minute, and that is the end of it. The next boy will meet with the same accident, and must stay at home for a week and have his toe poulticed. The first boy has inherited sound tissues. He can afford risks that the second boy must avoid if possible. Nature has insured him for a higher sum.

The so-called strumous diathesis, or tuberculous tendency, is always bad soil for all ailments, even though tuberculosis may never actually develop in it. Its subjects will show a susceptibility to various ailments, such as pleurisy, repeated attacks of influenza, or bronchial weakness—they are constantly reminded that a foe waits at the gates of life.

It would be hard to enumerate the many ills that are now traced to the gouty diathesis. Among them may be mentioned tonsillitis, asthma, and many forms of skin trouble, such as outbreaks of herpes, or eczema. Many people are of the gouty or arthritic type will suffer from repeated attacks of tonsillitis, or herpes, or hay-fever while young, and become the victims of genuine gout in middle life.

Another constitutional predisposition is the neurotic or nervous type, in which, as its name implies, the nervous system is at fault, and will be selected as the point of attack. These are, in fact, the three great types into which all imperfect physical material may be divided—the strumous, the arthritic and the neurotic. In many persons two different types may be found blended and exercising a modifying influence upon each other—an influence which may be either favorable or unfavorable.

Bulbs of all kinds in Stock.

Miss Lena Arnold has in stock all kinds of bulbs, and now is the time to begin the cultivation. Following are ready for delivery, and orders taken for others, and prompt delivery guaranteed: Chinese Sacred Lillies, 10c each, 3 for 25; Paper White Narcissus, Grandiflora, 2 for 5c, 30c doz; Roman Hyacinths, Single White, 5c each, 50c doz; Bedding Hyacinths, Dutch, 5c each, 60c doz; Forcing Dutch Hyacinths, 10c each, \$1.00 doz; Tulips, mixed, 20c doz.

Tobacco Prices Show Increase.

Glasgow, Ky., Jan. 16.—There has been a gradual upward tendency of the loose leaf tobacco market, and the better price was realized Saturday in a crop which sold for 21 1/2 cents per pound. This is the second best sale made in the State during the season, a crop at Lexington selling for 30 cents per pound.

Bidding on all grades is spirited, and dark tobacco has made a phenomenal increase in prices.

Hopkinsville, Ky., Jan. 16.—Tobacco is coming in in considerable quantities. The farmers have been able to strip out a large part of the crop. It is estimated that from 25,000,000 to 30,000,000 pounds will be handled here this year.

On the loose floor about 250,000 pounds was sold. An advance of fully \$1 per hundred on the better grades over any previous quotations for this season is shown. Quotations ranged: Trash, \$4.00 to \$5.00; lugs, \$5.50 to \$7.50; leaf, \$7.00 to \$12.00.

By the last of the present week every branch of the market will be going at full speed.

Carrollton, Ky., Jan. 16.—Over 30,000 pounds of tobacco were sold in the three warehouses here this week, the price record being 26 1/2 cents. It was a crop sold by Shirley Bros. at the Carrollton Loose Leaf Warehouse, the crop average being 16 cents.

Mayfield, Ky., Jan. 16.—On one acre J. E. Petty, of Viola, planted 3,300 hills and made 1,670 pounds, which he sold for \$179.40. The weather of the past week has been ideal for stripping tobacco, and it is expected that, beginning today, there will be more tobacco brought to this city in one week than was ever known in the history of the city.

Richmond, Ky., Jan. 16.—The sales here are the best of any week during the year, in that a much better quality had been on the market, also the price was more satisfactory. The average prices at both houses this week have been around the 12 cents mark.

Lexington, Ky., Jan. 16.—Five hundred and sixty thousand pounds of loose tobacco were sold on the market, and it was said on the market during the afternoon. The sales of hogsheads was held. Prices ranged from 4 to 25 cents, and the market was strong.

Roark has Victrolas again, orders placed six weeks ago at last being filled by the factory, which has been overrun with orders since long before Christmas.

Sentence Sermons.

Sacrifice and service sanctify.

Many mistake soft words for tender, loving ways.

There is no moral health without human helpfulness.

It is better to lose in loving than to gain by self seeking.

Peace with God without peace with men is an iniquitous thing.

The crowded car is a better test of religion than a roomy church.

You will never find peace in life by hiding from your neighbors.

The more a man forgives himself the less he overlooks in others.

Many are praying for power who only need to get up and persevere.

It's no use talking about your faith if men never find a friend in you.

There is no better world to those who do nothing to make this a better one.

The brotherhood of man does mean better wages, but it also means better work.

Reforms come slowly because we all would rather wield the ax than bear the knife.

No man ever knows how much he misses when he loses a chance of giving pleasure.

I had rather be kissed by an enemy than wounded by a friend who enjoyed the job.

The great judge must look at our luxuries when he hears our talk of love for the needy.

If you fear to soil your hands in helpfulness you may be sure you are defiling your heart.

No man who can be indifferent to the sorrows of men can have the love of heaven in him.

Many think that defending their idea of Jesus is the same thing as following the ideals of Jesus.

Mr. Homer Driskill was in Owensboro a day or two the first of the week on business.

A full line of go-carts and baby carriages at Roark's.

There are to be several spring weddings, according to announcements and rumors.

Last Friday was also the 13th, but nothing dreadful happened to any of our people.

See Miss Lena Arnold for bulbs of all sorts.

Miss Verna Morgan and Mr. Ray Morgan were in Princeton a few days during the week on a visit to their grandparents; Judge and Mrs. Ingram.

Hot drinks of all sorts now at Hale's fountain.

Miss Ella McCracken will leave Saturday for Nashville, where she goes to perfect herself as a milliner trimmer. Her friends are confident of her success in the work.

Dr. T. J. Slaton is local health officer, having been appointed by the State Board last week. The duties are not new to the Doctor, and he will prove an active, competent official.

Telephone No 5 and your laundry will be called for and delivered.

Mrs. Willie Johnson Ragon and Miss Bernice Roark left Tuesday for Central City, where they will make their home for the present, at least. In the spring they may move to New Mexico.

Elsewhere will be found the statement of condition of the First National Bank, and it is worthy of careful study, showing in every phase the splendid strength of this staunch pioneer institution.

Y. M. C. A. NOTES.
On next Sunday afternoon at the Y. M. C. A. at 5 o'clock will be discussed one of the most interesting lessons in the life of Christ. It is that of the Good Samaritan. If you remember this illustration was used by Christ to answer the question, "Who is my brother?" All men and boys are very cordially invited to come to this meeting and spend a pleasant and profitable time together.
On Friday night the tables were turned and the Buzzards captured a victory over the Owls by a score of 23 to 18. The Buzzards certainly dropped their wings over the victory.
In the contest Jas. Middleton captured two records, by running the potato race in 19 seconds and making the standing broad jump record 8 ft. 4 1/2 inches. If some of the other boys do not get busy James will have his name all over the record board that is to be made at the end of the season. There will be no game or contests among the juniors Friday night on account of the match game.

On Friday night the second teams of Beaver Dam and Greenville will play a match game in the Y. M. C. A. Gymnasium at 8 o'clock. The usual prices will be in effect. Y. M. C. A. members 20 cents and others 25 cents. This is a highly entertaining, clean, open game that anyone can easily understand and therefore enjoy it. As the seats are limited it is advisable to get your tickets early. Each ticket guarantees a seat. Tickets on sale at Y. M. C. A. office. Come out and encourage the boys in this most wholesome game.

Better boys mean better men, of course, and that means better homes and business. A father was right who said: "If I can tide my boy safely through his teens, I am not further concerned about his future." That "tiding" is done by the leaders of the boy's leisure in sports, in service and in spiritual life all go together, 200,000 boys in their teens directed in their study, work and play by the Young Men's Christian Association of America. Is yours one of the number? Are you helping to forward the movement?

If you have not heard the Victor talking machines, call at Roark's. If you have heard them, call again and often; they never grow tiresome. Large library of records and all kinds of talking machine supplies.

Mr. L. Hummel Settles Insurance and Resumes Business.
Adjusters for the insurance companies carrying risks on the L. Hummel stock were here last Saturday and adjusted the losses from the recent fire. Mr. Hummel carried \$7,000 insurance, and in the settlement was paid \$6,575 in cash and the damaged stock was delivered to him. He has moved the stock into the building occupied by E. A. Cohen, south Main street, and will continue in business there for the present, until he can secure other quarters. The damaged stock will be rushed out as soon as possible, and new goods will be offered.

A. S. of E.
County Union will be held in Greenville on the last Friday and Saturday in January, 1911, to complete the work began in regular session on 5th and 6th inst. As there will be work of much importance, I must insist on locals sending a full delegation. So let every member get busy! J. F. Doss, Pres.

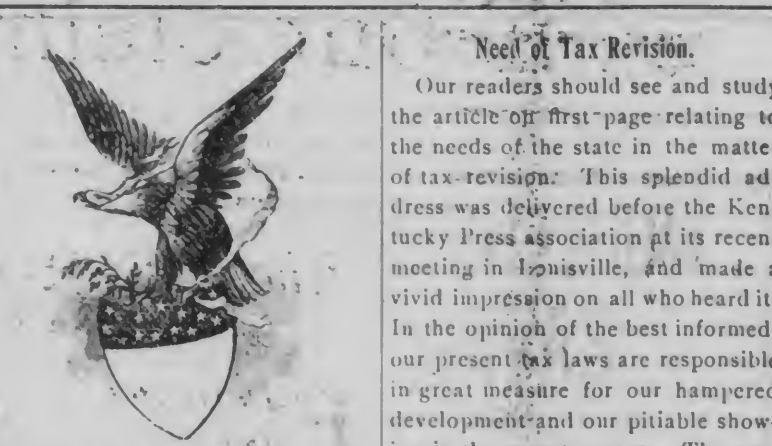

Mrs. Minnie Martin has announced the engagement of her daughter, Miss Vannie Summers Martin, to Mr. David Morton Roll, the wedding to occur in April. The announcement was a pleasing surprise to most of our people, but the intimate friends of the popular couple were anticipating it.

Mr. Chas. A. Williams spent Sunday at White Plains, at the bedside of his mother, who on Saturday suffered a paralytic stroke affecting the entire left side of her body. Her condition is much improved, and she is regaining the use of her limbs. The doctors have hope that she may be entirely restored.

Miss Lena Arnold now has her pressing, altering and repair shop in operation in the Greenville Coal Co. building, up stairs, and solicits the patronage of the public.

Killed a Grey Eagle.

Winfield Underwood killed a grey eagle early last Thursday morning in a field near Mr. Bob Jackson's home, on "Pond creek." With some other parties Underwood was out coon hunting, and as they were returning about daylight saw the eagle in a tree and getting within shooting distance, brought the bird down. It was a fine specimen, measuring seven feet and six inches from tip to tip of wing, with a spread of seven and one-half inches across the talons. The eagle had been in the neighborhood for two days, and Messrs. Jack and Wes Newman had followed it vigorously, getting a few shots at it, but without results. They were disappointed in not bagging the eagle, and while Jack caught a wink last Monday morning, he says he would have preferred killing the eagle by a long jump. Mr. Jackson endeavored to have the boys let him bring the eagle to town and have it embalmed, but they were jealous of their prize, and took it home. Now they regret that they did not have it embalmed, so that it might be kept as a souvenir which would have always attracted much attention.

There will be several new residences built here next season, and all of them will be of improved type, embodying modern conveniences.

The matchless Victrola can again be heard at Roark's store, factory shipments in this week.

Mr. Chas. E. Blackwell and family have moved here from Central City, and Mr. Blackwell will be associated with his brother, Mr. W. D. Blackwell, in the insurance business.

Notice in this issue the ad. of the new firm of osteopathic doctors, Heltsley & Heltsley, Dr. Louelle Heltsley now having associated with her in the practice her sister, Dr. Emma Heltsley.

Save your home by having your flues repaired. Barkley Bros. do this work in best manner.

Reports from Chicago lend hope that there will be a decrease in the cost of living, as thousands of tons of butter, cheese, meat, eggs and other cold storage foods are to be thrown on the market.

CIRCUIT COURT.

The winter term of Muhlenberg circuit court is entering its last lap, as it is thought the term will be closed Saturday, after a very busy session. The grand jury, it was thought, would finish its labors yesterday afternoon, and adjourn. Only moderate attendance this week, as weather conditions have cut the visiting lists to a low rate.

Ed Vaughn, colored, was the first person convicted of a felony under the new law, which provides that the jury determine the guilt or innocence of the accused, and the punishment, fixed or indeterminate, is named by the judge. The jury decided that Vaughn was guilty of the charge of detaining a woman, and the judge will name the punishment before court adjourns.

R. M. Duncan was given a judgment of \$90 against the I. C. for damage done to household goods shipped over their line.

Wm. Robinson was found guilty of arson by the jury, and the judge will fix his punishment.

N. D. Owens was awarded a judgment for \$1050 for loss of logs on account of piles left in Pond river by the M., H. & E. railroad.

L. Hummel was given judgment of \$6.50 against the Tennessee Central for goods lost in transit.

Will Livingston was fined \$20 for assault and battery.

D. F. Harrison was given judgment of \$25 against the city of Greenville for damage to property on account of construction of a pavement in front of his home.

Woman Socialist to Speak Here Jan. 30.

Lena Morrow Lewis, said to be a well posted and brilliant speaker, will address the public at the court house on the evening of January 30th, at 7:30 p. m. on the principles, aims and needs of Socialism. She invites everyone to hear her, and solicits questions, which she promises to answer. This is the first woman speaker that has been through this section talking Socialism, and it is likely that she will be greeted by a large audience.

County Jail Now Business.

Mr. C. L. Countzler, our progressive druggist, has closed a deal for the sale of his drug store to Mr. John X. Taylor, of Hartford, who will take charge of the business on the first of February. Mr. Countzler has leased a prominent corner store in Hopkinsville, and is having the building altered and improved to meet his requirements, and has placed orders for an elaborate layout of fixtures which will insure the finest drug store in Western Kentucky. Greenville has no more progressive business man than G. E. Countzler, and there is general regret that he shall leave, but he carries with him the best wishes of a wide circle of friends, who predict that in his wider field he will vastly increase the volume of his business. The business here will be in competent and efficient hands, as Mr. Taylor is an experienced pharmacist and hustling business man, and will prove a valuable addition to our business circles.

75 Bank Mules for Sale.

The Daily Courier-Journal at One-Half Price.

Through a special arrangement, this paper is enabled to offer the Daily Courier-Journal by mail, in combination, at a price just one-half the regular rates for the Courier-Journal. The regular price of the Daily Courier-Journal is 50 cents a month, \$6.00 a year. See the clubbing proposition in our advertising columns, and read about the bargain. This special offer is good only for subscription orders given during the month of February. The offer will be withdrawn the last day of the month, and no orders can be taken after that.

Under this offer, Courier-Journal will be sent to subscribers only through the post-office, not through Courier-Journal agent. No Courier-Journal orders for a full year will be taken at this rate. Subscription must be for not less than four months or longer than eight months.

The Tariff question in Congress and Mr. Watterson's letters from Europe will make the Courier-Journal especially interesting for the next few months.

Lengthening the President's Term.

Champ Clark, from time to time, says a good many things that are particularly worthy of the thoughtful attention of his fellow countrymen. For example, he remarked the other day: "I am in favor of amending the constitution so as to elect the president for one term of six years and make him forever ineligible for re-election. I am in favor of this because every time there is a president who is extraordinarily popular a lot of fools boom him for a third term. If the presidential term is made six years I am in favor of making the terms of congressmen three years instead of two."

There are much stronger reasons than that given by Mr. Clark for lengthening the president's term to six years and making him ineligible for re-election. The nation's chief executive should be placed out of reach of the temptation to fit his official actions to his political needs. He should serve the people and not himself throughout his time in office and he should know that when his term is ended there cannot be another one for him. Yet Mr. Clark is right in thinking that permanent deliverance from the intermittent third term frenzy would be very precious to the American public.

While heartily agreeing with the suggestions of the democratic leader respecting the president's term of service, we cannot commend his plan to lengthen the terms of members of the lower house of congress. Two years is the proper length of time for congressmen to act under the mandate of the people. A longer period would tend to make them less responsive to the popular will than they are now. However, Mr. Clark might well work earnestly to secure prompt service for new congressmen. The present arrangement of congressional sessions leaves a congress with no legislative business to perform for thirteen months after it is chosen.

Hangover congress should be done away with. Each congress should meet in regular session within a short time after it is elected and begin carrying out the expressed wishes of the people.

Straight Spines.

It is only necessary to glance casually at our fellowmen and women in our daily journeyings, to be impressed with the fact that very few people carry their body properly; still fewer ever stop to think how grave is the injustice they thereby do themselves, not only as regards appearance, but in their general health and well-being.

In the Spartan days of the last century it was demanded of children that they hold themselves erect. This was often the cause of much well-meant cruelty to the delicate children, and resulted in a sort of

spinal survival of the fittest, as proved by the erect old people of that day who boasted of never having troubled a chair back in their lives; and it is no wonder that the spines that survived the schoolroom furniture of that day emerged from the ordeal strong enough to carry their owners upright for the rest of their days.

But people began to realize that when Spartan methods did not make them apt to mar, and bonfires were made of all the old backless forms, so high that the feet dangled far from the floor, and seats and desks were constructed with some consideration for the needs of the young developing frame.

When standing, that position of the body which is known in the military drill as "attention" is the position which should be constantly demanded until it becomes an automatic habit, because it is the one in which the body can properly carry on its functions.

The first thing gained by proper carriage, both while sitting or standing, is good chest expansion. This means that the lungs have room in which to do their work, and will go far to prevent or cure respiratory troubles. But it is not only the lungs that are crowded and impeded when people loll and lounge and stoop. The other organs in the body also suffer.

The heart needs all the room allotted to it by nature, and if this room is narrowed by a habitual stoop, its action will be impeded. Good posture is of great importance to the abdominal organs also, as they depend upon it largely for proper support. If the abdominal muscles are allowed to lose their tone and grow weak, the stomach and kidney and liver cannot maintain their respective relations to each other, the digestive processes are interfered with, and the entire organization suffers.

to become an invalid—a "neurotic spine"—it should be coaxed back to health with the help of some good brace or support, a cure often being hastened by local massage.

How Nature Provides

Our Beauty, Health and Happiness.

Is it not possible, and altogether probable that elements necessary for the body-health are contained in the medicinal roots found in the earth, digested in the plant laboratory of Nature and made ready for man or animal?

There is a growing belief among scientists that the vegetable kingdom furnishes us with the necessary elements for blood making and to keep that delicate balance of health that the human animal is so apt to disturb by wrong methods of living. Thus we know that we should get the phosphates from the wheat in our bread—or some cereal foods, and iron from certain vegetables, such as spinach and greens.

If there is ill-health then our best method for recovering our standard balance of health is to go to Nature's Laboratory—the plant life which will furnish the remedy.

Buried deep in the forest is the plant known as Golden Seal (Hydrastis) the root of which Edwin M. Hale, M. D., Professor of Materia Medica at Hahnemann Medical College, Chicago, states "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states." Dr. Hale continues: "Prof. John M. Scudder says, 'It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system.' I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

Bullingia or Queen's root is another root which has long been in repute as an alternative (blood purifier) and Prof. John King, M. D., says of it: "An alternative unsurpassed by few if any other of the known alternatives; most successful in skin and scrofulous affections. Beneficial in bronchial affections—permanently cures bronchitis—relieves irritation—an important cough remedy—coughs of years' standing being cured. Aids in blood-making and nutrition, and may be taken without harm for long periods."

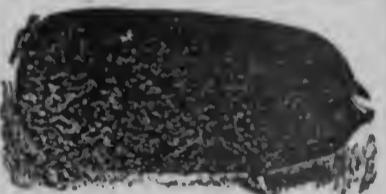

Nearly forty years ago, Dr. R. V. Pierce of Buffalo, N. Y., combined an extract of the two above roots, together with that of Stone root, Black Cherry bark, Bloodroot, Mandrake and Glycerine—into a prescription which he put up in a ready-to-use form, and called Dr. Pierce's Golden Medical Discovery.

It was most successful in correcting and curing such ailments as were due to stomach and liver derangements, followed by impure blood. In cases of weak stomach, indigestion, dyspepsia, flatulence of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" had never been excelled as a tonic and invigorant. It contains no alcohol, or other harmful, habit-forming agent—chemically pure, triple-refined glycerine being used as a solvent and preservative.

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for \$1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic. Easy to take as candy.

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it. Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female medicine, and tonic, over any other medicine. For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.
